# WOODEN organizers

*it's easy, it's fun, it's creative!*

Art Alternatives offers 13 wooden organizers you can choose from – each one will not only serve its original purpose of storing, organizing and transporting your art supplies but will also inspire you to add your unique touches, making it really and truly your own. Here are some ideas to get you started...

Start with your favorite Art Alternatives wooden organizer. Corinne chose the Artist's Brush Carrier – a 15-7/8" x 3-1/2" x 2" box constructed of elm hardwood and top grade plywood with elm veneer, that features durable finger-joint construction. It is hand sanded and finished with sturdy brass hinges and latches. The adjustable woven canvas shoulder strap lets you take your brushes with you anywhere you go. Ventilation holes allow brushes to dry and a foam insert provides padding for added protection. Ideal for protecting, storing and transporting extra-long and oversized brushes with ease.

Choose a medium and begin your design! Spraying the canvas shoulder strap and hinges with a bright green (Pepperoni Green) Montana Gold spray paint, Corinne was inspired to add some vibrant images to her brush carrier. She cut out magazine photos of graffiti art, tattoos and other intriguing imagery, glued them on the carrier and finished using a decoupage sealer. Her carrier is now stylish, bright and original!

finish detail

*it's as easy as...*

**1** Start with your favorite Art Alternatives wooden organizer...

**2** Choose a medium – paint, permanent markers, clay, feathers, beads, glitter... the options are limitless!

**3** Now, design! Choose an art style or make up your own. Your creativity will guide you.
