# WOODEN organizers

*it's easy, it's fun, it's creative!*

Art Alternatives offers 13 wooden organizers you can choose from – each one will not only serve its original purpose of storing, organizing and transporting your art supplies but will also inspire you to add your unique touches, making it really and truly your own. Here are some ideas to get you started...

Start with your favorite Art Alternatives wooden organizer. Rachel chose the long Artist's Brush Box – a 15-1/4" x 3-1/2" x 1-5/8" box constructed of elm hardwood, top grade plywood with elm veneer, and feature durable finger-joint construction. They are hand-sanded and finished with sturdy brass hinges and latches. Ventilation holes allow brushes to dry. Brushes stay secure and protected with a foam padding insert.

Choose a medium and begin your design! The best suited medium for Rachel's freestyle botanical designs was colored pencils. She went wild with color – filling the whole box, inside and out with vibrant flowers, leaves, vines and abstract flow designs. For extra protection she finished the art on the box with glossy spray varnish. Bright and colorful, the box is perfect for protecting, storing and transporting her brush collection from the studio to plein air garden painting.
